

OLD BOREAS IS KING IN THE NORTHWEST

WINTER RETURNS TO THE NORTHERN STATES.

Furious Storm Swept Over Minnesota Last Night and Caused Much Suffering—Two Feet of Snow At St. Cloud—A Cloudburst In Kentucky—Floods Rage In New York.

St. Paul, Minn., April 1.—The month of March went out with a roar Tuesday night that was heard and felt all over the northwest. With a steadily and rapidly dropping thermometer, there was in the early part of the day a heavy, wet snow, melting almost as fast as it fell. This was followed by sleet, and in the evening hard little pellets of snow were driven before a gale, while frequent thunder and lightning accompanied the blizzard. All street-car traffic was suspended at West Superior on account of the blizzard, and in that city drifts six feet high are reported. At Dassel, Minn., twelve inches of snow fell. The same amount of snow is reported at Sauk Rapids, where also there was thunder and lightning, and the street cars were blocked all day. At Faribault there was a heavy rainstorm, followed by the electric storm and that followed later by a hard snowstorm.

The storm was welcomed because of the great amount of needed moisture it brought to the soil.

St. Cloud reports that the blizzard began there at 2 o'clock Tuesday morning, and has continued all day. Snow is now two feet deep on the level. All traffic and wire service is crippled, business suspended during the day, and the schools were closed during the afternoon. Sauk Center reports business at a standstill, because of ten inches of snow, and the storm still rages.

Yankton, S. D., April 1.—The worst snowstorm of the winter occurred here Tuesday. Rain fell for several hours, which turned to snow, followed by a blizzard.

CLOUDBURST IN KENTUCKY.

Life and Property Destroyed by the Rapid Rising of a Creek. Lexington, Ky., April 1.—Clay and Owsley counties, which lie about 100 miles east of here, were visited by a cloudburst Monday, which was fatal to life and unusually destructive to property.

Wade Marders and several of his neighbors were preparing to raft some logs on Sexton creek in Clay county, when a rain storm came up and they sought shelter under a large overhanging cliff about 100 yards above the bed of the creek. Suddenly a solid volume of water poured down the creek about 200 yards upstream from where they were sheltered. Marders' house was located on the banks of the creek about 500 yards below where he had been at work, and when he saw the mighty wall of water rushing toward his home he realized the danger his wife and 6-year-old daughter were in. When he arrived on the hillside above his house the water was lifting it from its foundations, and he saw it turned over on its side and carried down the stream. Just as it disappeared from view he saw his wife grasp the door jamb. Then the building was engulfed, and Marders has not seen his wife and child since.

Widow Smith's house, which was about half a mile below that of Marders', was also swept away, but she had gone to a neighbor's and escaped. Further down the stream stood the little log hut of Rush Combs. Combs' wife and 10-year-old boy were the only occupants of the house. The flood carried the house away, but Mrs. Combs, climbing into the loft and breaking through the roof, managed to keep their heads above water until the house lodged on the side of the mountain at a turn in the creek some distance below.

The damage will amount to thousands of dollars, as everything in the path of the waters was swept away. This is the first cloudburst ever known in that section of the state.

Floods in New York.

New York, April 1.—Floods in the streams of central and western New York are reported. Oriskany creek has overflowed its banks and submerged the greater part of the village of Oriskany. New York Central trains have in consequence been forced to use the West Shore tracks. The Mohawk river at Utica is unusually high, threatening to cover the railway tracks there. Near Syracuse Onondaga creek is beyond its banks, and roads and railways at Onondaga are submerged. Ganarua river has overflowed its banks at Newark Valley, N. Y., and Central Hudson railway tracks are under six inches of water. Near the same place the Northern Central railway tracks are submerged for a distance of a mile and a half.

Taylor Brothers to Die.

Jefferson City, Mo., April 1.—The supreme court has affirmed the sentence of the Taylor brothers, convicted in the Carroll County circuit court of having murdered the Meek family near Milan. The date of execution was set for April 30. The Taylors have plenty of money and the case was bitterly fought.

We have broken the record of all previous attempts by placing the 1-onettes on the market for five cents

FIVE CUBANS EXECUTED.

Horrible Exhibition of Hanging Made by the Officials.

Havana, April 1.—A startling exhibition of bungling in the execution by the garrote of five Cuban prisoners took place Tuesday. The men, classed as "murderers, violators and incendiaries," belonging to Cayajabo, were recently sentenced to be garroted, and at 7 o'clock in the morning a strong force of infantry was drawn up in the form of a square around the spot where the garrote had been erected. One of the condemned men had confessed his guilt and affirmed the innocence of all the others, who also protested that they were guiltless. The first man to die took his seat in the chair calmly; the iron collar was fixed about his neck and the cap drawn over his face. Then the executioner undertook to apply the screw, but was so excited that his hand slipped repeatedly, with the result that the victim died by slow strangulation, emitting the while the most distressing cries. The second execution was accomplished with even more distressing awkwardness, the executioner being almost on the verge of collapse as he performed his horrible function. The protests of the officers and priests forced Ruiz, the regular executioner, to undertake the third execution, but he did little better than his assistant had done. The fourth victim of bungling garroters was likewise tortured, and then Ruiz literally fled from his post, leaving his assistant to put to death the fifth of the unfortunate Cubans, who escaped none of the agonizing experiences that had attended the execution of his fellows.

Prominent Chicago Man Sued.

Chicago, April 1.—William T. Baker, president of the board of trade and president of the Civic federation, is accused of violating business confidence and defrauding to the extent of \$20,000 in a bill filed yesterday in the United States Circuit court. Henry Clews, the New York financier, and Charles M. Foster, who, in 1882, was Clews' partner, make the charge. At the time of winding up the affairs of the old First National bank the New York men say their interests were so juggled they got only a part of the value of their 100 shares of stock.

Doesn't Like the Tillman Plan.

Denver, Col., April 1.—The action of the democratic state central committee endorsing the idea of inviting and receiving Senator Tillman has called forth a most scathing rebuke from Gen. A. L. New, collector of internal revenue and one of the most prominent democrats of the west. Gen. New states that in his opinion no true democrat will participate in the deliberations of the convention to be addressed by Mr. Tillman, but will assemble and select delegates to the national convention to go as democrats and not as Tillmanite bolters.

Watson-Johnson Campaign Ends.

Newcastle, Ind., April 1.—The remarkable campaign between Congressmen Johnson and Watson came to an end here Tuesday night. Today the republicans of this county will hold a primary election and the candidate who receives the most votes will receive the thirty-six votes this county will cast in the convention and will be nominated. Mr. Johnson's leaders figured their candidate a majority of fifty-seven votes for the entire county, giving Mr. Watson the benefit of very doubt.

Anxious to Hang Anson Strong.

Akron, Ohio, April 1.—A crowd of 1,000 men and boys surrounded the city prison Tuesday night, and many threats were made against Anson B. Strong, the suspected murderer of the Stones at Tallmadge. The militia is still under arms at the army, which adjoins the prison, and a force of police is ready for action. It is not believed, however, that an outbreak will occur. Strong continues to deny all knowledge of the crime, but the police claim that the chain of circumstantial evidence is tightening around him.

Democrats Must File Briefs.

Indianapolis, April 1.—The supreme court on Tuesday, in the legislative apportionment litigation, ordered the attorneys of the democratic state central committee to file a brief within ten days on their motion to dismiss, and denied the motion of republicans that the motion to dismiss be argued orally at the same time the main question is at issue. Affidavits in opposition to the motion to dismiss were filed by republicans.

Dissatisfied with the Verdict.

Chicago, April 1.—The friends of Prosper Chazal, who have continued to positively declare that the body found in the mysterious box is that of the Frenchman, who was murdered in Salt Lake City, will not accept the verdict of a coroner's jury, which found that the disputed body is that of Oliver Pike. They will appeal to the French consul for aid in getting possession of the remains.

Senator Cullom Is Second Choice.

Decatur, Ill., April 1.—Senator Shelby M. Cullom's home congressional district—the Seventeenth—held its convention Tuesday and instructed the two delegates chosen to attend the St. Louis convention to vote for McKinley. The resolutions urge all the Illinois delegates to stand together, so that if it is seen that McKinley cannot win Cullom may be taken up.

DEBATE ON BONDS WAS POSTPONED

MEASURE HAS NOT YET BEEN REACHED.

Mr. Peffer Defends the Motion to Proceed With the Subject—Sundry Civil Service Bill In the House—Large Deficit For the Month of March.

Washington, April 1.—The expected debate on the resolution for a senate inquiry into recent bond issues did not occur Tuesday, as Mr. Peffer gave notice that he would defer his motion to proceed with the subject until today. The postoffice appropriation bill, carrying \$93,000,000, was considered in part but not completed. A sharp debate on mail subsidies arose, Mr. Vilas opposing an extension of the subsidy system, while Senators Perkins and White (California) upheld them. Senator George's speech in opposition to Mr. Dupont's claim to a seat occupied most of the day and was not completed.

Representative Shuford (N. C.) introduced a resolution to investigate the recent sales of bonds. The resolution recites that charges have been made that unfair and unprecedented advantages have been accorded by President Cleveland and Secretary Carlisle to a certain financial syndicate located in New York city, and that charges have been made against the president and secretary of the treasury in regard to the recent bond sale, wherein the same syndicate secured nearly one-half of the bond issue in a mysterious and suspicious manner. The resolution then provides that a committee of five be appointed by the speaker to make an investigation into all the circumstances.

GIVE A TEN DOLLAR BILL FOR THE BEST AD.

GAZETTE'S APRIL OFFER TO ITS FRIENDS.

The Person Who Comes Nearest to Picking Out the Best Ad From The Gazette Each Day in April Will Be Presented With a Crisp Green-back.

A ten dollar bill—crisp and fresh—hangs in a frame, in the Gazette office. What is it for?

In every issue of The Gazette there appear a good many pretty good ads, and a good many pretty poor ones.

The good ones bring profit to the advertiser and cause his face to be wreathed with smiles.

The poor ads cost just as much, but produce less result, and induce a loss of faith in the value of advertising.

This is all wrong!

We want more GOOD advertisements.

The way to make a good advertisement is to try to make a good one—try hard.

relating to the last three issues of Bonds and report to the house.

IN THE HOUSE.

Sundry Civil Service Bill Considered—Fair Progress Made.

Washington, April 1.—The house spent Tuesday considering the sundry civil bill and fair progress was made. No amendments of importance were adopted.

Mr. Adams (rep. Pa.) undertook to correct some of the reports as to the alleged compact between certain free-silver republicans and some Philadelphia manufacturers. In that connection he referred to the resolutions adopted Monday night by the Manufacturers' club of Philadelphia. Mr. Hartman of Montana and other free-silver republicans in reply charged that they had been persistently and maliciously misrepresented by the "goldbug" press. The conference, they asserted, had not been of their seeking. Mr. Pickler (S. D.) also made a statement concerning what he said had been a misrepresentation of the republican platform of his state, which, instead of making a specific declaration on national issues, had simply affirmed the doctrines of the national republican party at Minneapolis until the St. Louis convention should have adopted a new platform.

Mr. Cullom Wants an Amendment.

Washington, April 1.—Senator Cullom, chairman of the senate committee on interstate commerce and author of the present interstate commerce act, has announced his purpose of introducing a bill to amend the law so as to prevent the transportation of foreign goods at cheaper rates than those of domestic manufacture, as is allowed under the decision of the Supreme court in the import-rate decision rendered in the Supreme court Monday.

Bureau of American Republics.

Washington, April 1.—A meeting has been called for this morning at 10:30 o'clock at the state department of representatives of all the countries of Central and South America which were represented at the Pan-American conference, and are now bound to the maintenance of the bureau of American republics.

MEN FACING DEATH ON A BIG ICE FLOE

PERILOUS SITUATION OF MARINETTE FISHERMEN.

Gale Is Carrying Them Out Into the Lake to Freeze and Starve—Relief Party Will Risk Their Lives To Save Them—Damage Done By Ice.

Marinette, Wis., April 1.—[Special]—Four fishermen are adrift on an ice floe and in danger of being carried out into the lake. They can be plainly seen from the shore and a relief party has been organized to attempt their rescue. A gale is blowing from the northeast and it will be hard for the relief men to reach them.

Marinette, Wis., April 1.—An ice-shove started here on Green bay Tuesday afternoon which may cause great damage to property before it subsides. The ice on the east shore has broken up, and, shoved by a strong east wind, it has pushed upon the shore twenty-five feet high, and with the wind a regular hurricane from the east it keeps increasing in height. The Menominee residence district which lies along the shore is threatened.

ACTIVITY IN FRENCH ARSENALS

Warships Being Got Ready for Active Service.

Toulon, April 1.—There are signs at the dock-yards and arsenals of preparations for grave events. Orders have been received to prepare a number of warships for active service, stores and ammunition are being overhauled and sent on board the vessels to be prepared for commission, and all naval officers on furlough have been telegraphed to rejoin their ships immediately.

To encourage good advertising The Gazette inaugurates this friendly contest.

The \$10 bill goes to the reader who selects the best display ads that appear in The Gazette during April—one each day.

These are the conditions:

One display ad. is to be clipped from each issue of the Daily Gazette for April and marked with voter's name and the date of issue.

The bunch of advertisements—one from each issue in April—is to be mailed to the Gazette before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they close.

The best ad. for each day will be determined by counting the ballots sent in at the end of the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not reading notices or locals. Janesville ads only.

Size, the typographical beauty and verbal cleverness are not the essential qualities. The "best ad" under the terms of this contest, is the one that seems likely to draw the most business. No matter if the wording be clumsy and the typography poor, the ad. that brings results, is the best ad. the world over.

The ad. that makes a hundred people say "That's a fine ad" is good, but the ad. that makes a dozen people buy, is better.

Read these conditions carefully, subscribers and non-subscribers, and get your scissors ready.

These measures, however, are believed to be more of a precautionary nature than as indicating the probability of an outbreak of hostilities. The French Mediterranean squadron, however, is to be strengthened, and the second-class cruiser Ceclile, 5,765 tons, eight five-ton guns and ten three-ton guns, having a speed of nineteen knots, has sailed on a special mission to the African coast.

MARCHING ON HAVANA.

Correspondent Rappleye Says Cubans Hold the Island.

New York, April 1.—Elbert Rappleye, the newspaper correspondent who, after three months' stay in Cuba, was banished from the island by a decree of Captain-General Weyler, has arrived here. Mr. Rappleye, in an interview said:

"I unhesitatingly state that within three months the insurgent cause in Cuba will be triumphant if the United States government will grant belligerent rights and give to the Cubans anything resembling a fighting opportunity. The Cubans now practically hold the island of Cuba. If the Cubans had enough arms they could put 100,000 men in the field."

BIG MEN DEBATE.

Ex-Speaker Crisp and Secretary Smith Discuss the Silver Question.

Augusta, Ga., April 1.—The joint debate between Secretary Hoke Smith and ex-Speaker Charles F. Crisp took place at the Grand opera house here Tuesday evening. It was the opening discussion of a series that will be continued throughout the state by the two aspirants for the senatorial seat soon to be made vacant by the retirement of Gen. John B. Gordon, who will not accept reelection. The intensity of popular interest manifested in the grand financial tournament may be judged by the fact that one train over the Georgia road brought in 1,000 people.

Mr. Crisp entered into a presentation of the quantitative theory of money, illustrating it by the ratio of the value of cotton to the yield and the value of money to the amount in use. Until 1873 the two metals were linked together and circulated practically at the same value. No man was bold and frank enough to confess the purpose which actuated the demonetization of silver in that year, said he, but the real purpose was to increase the value of that which remained. The speaker maintained that the discrimination against silver, the violation of the contract which requires that coin should be paid out, was violated first by the republican party, and that this party had set the pace for the gold monometalists. He said that in recent bond contracts we had paid \$16,000,000 for the privilege of paying them in coin, and yet we insisted on paying them in gold. He made the point that the people did not need the gold for which these bonds were sold, but that Wall street wanted it. He closed with the declaration that within a month the gold monometalists would be anxious to sell more bonds, and asked a return to the conditions existing previous to 1873.

Secretary Smith argued that bimetalism, based on a greater value of the metal in one than in the other coin, reduced the country in practice to a monometallic basis, driving out the dearer metal. He pointed out the fluctuations of ratios in the financial history of France as illustrating the impossibility of a fiat to maintain the parity of two metals.

In his rejoinder, with which the evening closed, Mr. Crisp said that John Sherman was the leader of what the secretary called the sound money advocates. The secretary had said that the silver scheme was in the interest of the mine-owners. The ex-speaker replied that if free coinage did not increase the value of silver the mine-owners could not be benefited; if it did increase it the whole country would be benefited, increasing the standard money of the world.

Bradley Seeks A. P. A. Support.

Louisville, Ky., April 1.—Besides his conference with the colored leaders during his visit to Louisville Monday, it is claimed Governor Bradley also sought the A. P. A. influence. He addressed the meetings of councils 5 and 26. In his address to council 5 he said he had been endorsed for president by the advisory board of the A. P. A. as one worthy of A. P. A. support. He called attention to the fact that his opponents in Kentucky were opposed to the A. P. A., and that McKinley had never professed allegiance to the A. P. A.

Delegates Go Uninstructed.

JOIN REED COLUMN.

New Hampshire Republicans in Line with Massachusetts.

Concord, N. H., April 1.—New Hampshire Republicans held their state convention Tuesday morning and elected delegates to the national Republican convention at St. Louis. Of the 700 entitled to seats in the convention 679 were present. But one ticket for delegate-at-large was presented, and that bore the names of Stephen S. Jewett, of Laconia; General Frank S. Streeter, of Concord; Charles T. Means, of Manchester, and Colonel James A. Wood, of Acworth. These four candidates were elected by acclamation.

The platform demands of the national convention the nomination of candidates whose election will mean the speedy repeal of the infamous and ruinous Democratic tariff and the substitution thereof of one based upon the principles of the McKinley act; the enactment of currency laws that will provide a circulating medium in gold, silver and paper which will always be interchangeable as its face value, because each and every dollar of it is of the same purchasing power as a gold dollar; liberal appropriations for an adequate navy and coast harbor defenses and internal improvements; fair and generous treatment of union veterans; a foreign policy characterized by sturdy Americanism, including the assertion of the Monroe doctrine and the moral and material support of the Cuban patriots, if they have not already achieved their independence, and an immediate return to all the policies in which the Republican party has so successfully illustrated the soundness of its principles, and to the methods by which it has demonstrated its ability to apply those principles in the administration of the government. The platform concludes:

"We recognize as most conspicuous among such candidates New England's noble and illustrious son, Thomas B. Reed, of Maine, and that pure and able statesman and champion of protection, William McKinley, of Ohio. We will give the electoral vote of New Hampshire to any nominee who worthily represents the party, but we prefer one of these, because either is in himself a platform."

Colonel Frank Rutledge, of Concord, offered a substitute financial plank, identical with that adopted by the Massachusetts convention last week, as an amendment to the resolutions, but Chairman Putney, Senator Gallinger and others opposed the proposition, and the amendment was lost by an overwhelming viva voce vote. The adoption of the platform as presented by the committee was made unanimous. Adjournment followed the adoption of the platform.

Surely the hand of affliction has been heavily laid on those sorrowing parents, and our sympathy is extended, hoping they may be comforted with the thought that what is their loss is heaven's gain. "In the midst of life we are in death," was never more painfully illustrated than in the death of Mr. Birgham who was instantly killed by a bolt of lightning on last Saturday. Some fishermen could be seen on the banks of the Turtle on Saturday last after the rain. Eddie and Effa Rice were somewhat surprised last Wednesday evening when their young friends, numbering about fifty or more, came in to spend the evening with them. The Turtleville school closed on Friday last with Miss Powers as teacher. The scholars have advanced rapidly under her instructions. Miss Hattie Van Galder has been engaged to teach the summer term. Miss Amy Manley, of Manchester, will teach in the Tarrant district the next term. Mr. and Mrs. Watson, of Rockford, daughter of Mr. and Mrs. William Trussell, are visiting here. ## THE OLDEST MASON CALLED BY DEATH

### FRED. A. HUMPHREY PASSES AWAY.

He Was Said To Be the Oldest Member of the Masonic Fraternity in the United States, Having Belonged to The Order For Seventy-Four Years.

Frederick A. Humphrey, the oldest free Mason in the United States, having been a member of that order for seventy-four years, died at his home at Shopiere, yesterday morning, aged ninety-five years. Mr. Humphrey had resided in the village where he died for forty-nine years. Up to within a few months his health had been remarkably good and some of his faculties remained unimpaired and within a year or two was in the possession of them all. He was by profession a master builder and followed his occupation until old age came on. He was for long years an active member of the Masonic Fraternity in Shopiere and his faith was unflinching.

F. A. Humphrey.

He leaves an aged wife, three sons and three daughters.

The funeral will be held from the Methodist church at Shopiere at 2:30 o'clock Thursday afternoon and the interment will be made in the village cemetery.

Mr. Humphrey moved from Montgomery county, New York to Rock county, in 1847. He was born in Troy, N. Y., on May 20, 1801, and was married in 1825, to Miss Eliza Yates, who counted her nineteenth birthday last December. Ten children were born to them, eight of whom survive to remember a father's honorable life. Frederick A. Humphrey was one of the organizers of the M. E. society in Shopiere, and has ever (as has also his wife) remained a devout member. He has been a member of the Masonic fraternity since his twenty-first year.

Public spirited and progressive he evinced great interest in the prospects and welfare of the community, and has been prominently concerned in political affairs having held various offices of trust, including those of county treasurer, member of the board of county supervisors, and for seventeen years was justice of the peace.

He was a man highly respected for his honest, upright life, and was well known throughout the country.

Mrs. James Mills and Mrs. Frank Pember of this city are numbered among the twelve surviving grand children. There are also nineteen great grand-children.

### Isaac W. Leake

Isaac W. Leake, who died at his residence in Harmony, March 24, 1896 was born in Canandaigua, New York, May 6, 1825. In 1845 he removed to Rock county Wis., where he has since resided.

In social intercourse he was quiet and unassuming, yet he had a large circle of friends and acquaintances by whom he was highly esteemed. Mr. Leake in religious belief was a Free Will Baptist of which church he had been a member for many years. The record of his life is a monument to the memory of a noble man. In his business transactions he was upright and conscientious; as a citizen honorable and true and as a father, and brother kind and loving. His influence for good will continue in the hearts of those who knew him best.

He was married twice. His first wife, Diana M. Stevens, to whom he was married Oct. 16, 1850, died of consumption, Jan. 3, 1854, leaving no children. May 26, 1858, he was married to Emeline Catlin, who died April 12, 1873. This union was blessed with seven children, two of whom died in infancy. Those left to mourn his death are Albert H. Leake, Herbert I. Leake, Mrs. Diana Bancroft and Miss Lucilla E. Leake, all residing in Harmony, Rock county, Willis A. Leake, of Avon, Washington. Four brothers and three sisters also survive him. The interment was in Harmony cemetery Sabbath afternoon, March 29. The services were conducted by Rev. S. G. Huey, of the Rock Prairie United Presbyterian church. The song service was rendered by Mrs. J. Z. McLaughlin, Miss Belle Clark, Mrs. D. J. McLaughlin and John Barless.

### Mrs. Jane Christie.

1837, being one of the earliest families to settle on the eastern part of Rock Prairie. On March 16, 1846, she was united in marriage to David Christie, who died April 20, 1893. For many years the deceased has been a weary sufferer, but through it all maintained a wonderful cheerfulness and patience and full of gratitude for the loving care that was given her. She leaves one son, George, who with his wife and daughter will sadly miss the departed one.

## THE BENEFIT OF SMALL SPACE

It is Not Appreciated Sufficiently By the Average Advertiser.

The conspicuousness of an advertisement does not depend upon its size. If you have a large department store with five hundred bargains to advertise, you will need a page to do it; but if you have just one thing to advertise—suppose it is a cough medicine—don't take a page. You can do better with the same outlay by advertising in a ten inch space for a longer period if the small advertisements are the right sort.

## NEW DEPARTURE AT ALL SOULS

Rev. V. E. Southworth Will Preclude Lectures with "Pulpit Editorials."

Rev. V. E. Southworth, of All Souls, announces that hereafter he intends to preclude his Sunday morning lecture with a "pulpit editorial" and a "book review." Something of this kind has been the practice of many eastern preachers for years. Mr. Southworth says he feels confident that the people care more for questions of the day than for mere theological speculation. The pulpit ought to touch elbows helpfully with the public press and the public library and school.

## LETTER FROM CHARLES HOLT.

Former Janesville Man Writes of J. J. R. Pease's Death.

Charles Holt, of the Kankakee Gazette, writes the following letter to a Janesville friend:

Kankakee, Ill., March 29, 1896.—

"I do not feel that I can let the death of Mr. Pease pass without an expression of the sorrow I feel. The announcement came like a personal affliction. In my visits to Janesville he always contributed to the pleasure I derived from a return to old scenes and a renewal of old friendships. He placed me, as I once told him, under obligations I had no means of repaying, and the attentions he gave me could not possibly have had any other origin than his general disposition and unselfish friendship. His associates have suffered a loss which they will realize in his absence from his accustomed pursuits and places where his absence was always a source of enjoyment, and where his friendship was an evidence of good fellowship. While the loss to his family is irreparable, his death will awaken a sympathy that will attend the high esteem in which he was held. Endeared as he was to his family, his life has been useful to others. Much of the prosperity of Janesville is due to him. His devotion to its interests was accompanied by a judgment that never failed in its conclusions, and, while as in the early railroad troubles and divisions he disagreed with a prevailing sentiment, the results proved the correctness of his views and the soundness of his judgment. I was sometimes, as a newspaper publisher, in antagonism with him, but I learned, as a personal acquaintance grew and strengthened, to respect his opinions and confide in his integrity. The community and his personal friends have suffered a real loss as well as his family a crushing affliction. My last interview with him was in his office, where I called to say good bye on my departure from my last visit to Janesville. I did not think it was a final parting, and that I should never again clasp that hand that had given me many warm greetings. There have been so many recent deaths of old friends that I almost fear to open a newspaper, apprehensive that I shall see the announcement of the death of some one endeared by early associations and long continued friendship. Permit me to extend my sympathy to the family and relatives, while I express my appreciation of a man who was true as a friend, genial as a companion, faithful as a citizen and a benefactor to the community in which he lived.

Yours sympathetically, CHAS. HOLT.

## ROCK COUNTY HEIRS TO GET \$50,000,000

### WINDFALL THAT CAME TO TWO MAGNOLIA WOMEN.

Mrs. Mary Horn and Mrs. Ellen Charley Notified by Lawyers That They Will Get the Greater Part of That Sum By the Death of An Aunt.

What would you say if a lawyer notified you that your rich old aunt had died in England and left you \$50,000,000?

It was this kind of a proposition, however, that fairly stunned Mrs. Horn and Mrs. Ellen Charley of Magnolia and John Duffy of Iowa.

Mrs. Horn and Mrs. Charley were notified a few days ago by a London solicitor of the good fortune that had befallen them, and told the story to Janesville friends when they visited the city yesterday. The estate is left by an aunt who died seven months ago, and Mrs. Horn, Mrs. Charley and Mr. Duffy have been notified that they are the only American heirs, and that the greater portion of the money would come to them, although parties in England claim a portion of it. Mrs. Horn and Mrs. Charley have taken steps to look into the matter and perfect their claim through the English attorneys.

## MANY THOUSANDS

Vitally Interested in the New Discovery.

Whereby Nine-Tenths of the American People Will Be Benefited.

### A Brief Account of It.

A man or woman with perfect digestion, the result of a healthy stomach, has no need of a nerve tonic to bring sleep, nor sarsaparilla to purify their blood, nor cod liver oil and pre-digested foods to make them fat. Why? Because a sound stomach perfectly digests the food, making pure, rich blood, steady nerves, sound sleep and all the healthy flesh a person needs to carry.

Dr. Horstwick recently stated that anyone out of health, nervous, sleepless, run down in flesh, with poor appetite, not knowing just what was the matter of them, should look to their digestion, to the stomach, and there would find the secret of the whole trouble. He says nine out of ten will have no nervous troubles, no impure blood, no weakness anywhere, dyspepsia, the digestive organs do their work properly. To cure indigestion and dyspepsia he never advises "sarsaparilla," "stomach bitters," "pre-digested food" or any other secret patent medicine. He says the best thing, the safest and surest cure is Stuart's Dyspepsia Tablets, because they are composed of vegetable essences, fruit salts, pure pepsin and bismuth and will cure dyspepsia in every case if taken persistently and regularly. Some of the cures made by Stuart's Dyspepsia Tablets are little short of miraculous.

Mrs. Charlotte Lane, of Ransomville, N. Y., writes: "I have taken only one 50-cent package of Stuart's Dyspepsia Tablets and am almost astonished at results. They have benefited me so greatly. I have always understood that dyspepsia was incurable, but now know it can be cured, for I am fully satisfied with what they have done for me. I can eat and enjoy my meals a great deal better and feel better in every way and have only used one package."

Mr. J. O. Wondly, of Peoria, Ill., writes: "I was unable to eat anything but the plainest food, and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want."

Mrs. Samuel Kepple, of Girty, Pa., writes: "I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them."

Mrs. A. E. Bowen, of Barnard, Vt., writes: "I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was."

Although a new remedy, yet its remarkable success in all kinds of stomach troubles has practically settled the question that it is the best and safest remedy that can be used for weak or disordered digestion.

It is prepared by the Stuart Chemical Co., Marshall, Mich., and for sale by druggists everywhere at 50 cts. per package, this placing it within the reach of everyone wishing to give a remedy so highly commended a fair trial.

THEY WANT HIM TO WAIT.

A few sensitive brothers complain that Major McKinley is too active a campaign—that "the office should seek the man and not the man the office." They forget that all the men who have ever been in the Presidency, except Washington, sought the office to the extent that they let the country know they wanted it, and that they would strive in a legitimate way to get it. The second Adams, Taylor, Grant (previous to his first term), Hayes and Cleveland looked less ardently for the office than the others, but even these were in a sense presidency seekers. Jefferson, Monroe, Jackson, Van Buren, the first Harrison, Buchanan, Lincoln, Garfield and the second Harrison strove for the office for years before they got it, but none of them, so far as the country knows, used any improper means in getting it. None of them forfeited the country's regard in the slightest degree by being candidates for the country's most exalted office. The ambition to reach the presidency may, of course, tempt men of a certain order to play such fantastic tricks before high heaven as make the angels weep. On the whole, however, the number of men it has degraded has trifling compared with the number it has dignified and ennobled. There is not the faintest danger that the country will ever have too many presidency seekers for its good.

THE TIN SOLDIER.

At last somebody has picked that over ornamented toy baloon Major General Nelson T. Miles. The appeal for his elevation to the post of Lieutenant General is met by the chilling declaration from Secretary Lamont that there has been "no army record to justify such marked recognition." The rank of lieutenant general never has been bestowed except upon men who have commanded successfully the whole or a separate army in battle or active campaign. General Miles has had no such experience. Soldiers call him a general by marriage and trace his advancement to family influence. To put such a man on a footing with Grant, Sheridan and Sherman would be the wildest burlesque.

MORE COSTLY THAN DUCK-HUNTING

It isn't much of a joke to be bombarded with the new 130-ton steel gun, but then there is no joke about paying for the bombardment either. The man who is being shot at will at least have the satisfaction of knowing that such charge costs \$4,750, and that the \$195,000 gun is useless after sixty shots. Peace societies should rejoice to know that war is more of a financial luxury than ever.

## TWO BIG SPLITS IN THEIR RANKS

City Democrats are Fighting Each Other.

### S. A. CHASE'S FRIENDS ON THE WARPATH.

Say He Was "Turned Down" By Unfair Means In the City Treasurer Fight and Threaten to Be Revenged—Fifth Ward Factions Warring Because of Ed. Smith's Defeat and His Subsequent Substitution For B. Spence.

There is sore rankling in the bosom of Janesville's "united" democracy, that will never heal.

The shabby way in which Stuart A. Chase was said to have been treated was the cause.

Some time ago, Mr. Chase, the story goes, announced himself as a candidate for the office of city treasurer on the democratic ticket. His friends rallied to his support and it was said that there would be no opposition to him. Consequently he looked forward to the nomination as a "sure thing," told his friends that he was to be nominated; and asked them to support him at the polls. All went well until the day of the convention, and he supposed the men who had agreed to stand by him, would do so. However, when the ballot was counted, Mr. Chase found himself "turned down," while Frank C. Haselton, the successful man. As Mr. Haselton declared that he "preferred that someone else be nominated," Mr. Chase naturally felt that he should be so used by the "bosses" when he had the support of so many men, who volunteered their aid and then laughed at him when they found that he had been defeated.

May Bolt the Ticket. "I do not consider the action at all democratic," he is quoted as saying; "and I hold that I do not sacrifice my democracy by working against that ticket. Of course it would do me no good to run as an independent candidate, I would then stand no show, but my friends will not ratify the action of that convention, and neither will I." "Mr. Chase is very angry," said a man who is in a position to know whereof he speaks to a Gazette reporter, "and I would not be surprised if he made an open fight, and although I am a democrat, I do not know as I would blame him under the circumstances. He was certainly treated in a very shabby manner by men who should have stood by him."

It is whispered about that Mr. Chase holds Mayor Baines in a manner responsible for the action taken, and that he did not spare the chief executive in a recent conversation. Among other statements, the following peppery sentence is attributed to him:

"And if anyone should ask you, Mr. Baines, if you know a man named Stuart A. Chase, just tell them that you did know him once!"

Whether or not the rupture can be bridged, remains to be seen, but the Gazette's informant says it cannot.

Fight in the Fifth Ward.

There is all kinds of trouble brewing in the Fifth ward democratic camp, the row, it is said, being the result of the opposition to Edward Smith, the present alderman from that ward. Smith's name was not received with applause at the caucus, Bartholomew Spence being the nominee with sixty votes to spare. Smith's friends arose in their wrath. Pressure was brought to bear on Mr. Spence, and he was asked to resign and let the ward committee put Smith's name on the ticket instead. This precipitated a lively row, but the Smith men won the day; Spence declined, and Smith was substituted, he consenting to run despite the fact that the citizens had turned him down in the caucus by a three-score majority.

But in the meantime the anti-Smith men had not been idle, and they induced Mr. Spence to withdraw his papers declining the nomination. Both documents are now on file with City Clerk Badger, and the authorities have not yet decided whether or not Mr. Spence can be reinstated as a candidate.

Should Vote For Jones.

In this connection it may be suggested, that while the democrats are pulling hair, William H. Jones, the republican candidate, would make a most excellent alderman, and by voting for him the disgruntled democrats can steer clear of both Smith and anti-Smith factions and thus prevent considerable personal feeling in the future, while insuring a good man in the council, and one who will represent the whole people instead of one faction.

Elisworth J. Green, the republican nominee for constable in the Fourth ward has declined to make the race.

You will find in our line of shoes for the little ones. Never in the history of the shoe business has time and labor been spent to make this line more complete. We can show you more styles in black and colors than any house in the city.

## A GOOD HAUL MADE AT PIERSON'S STORE

UNSKILLED BURGLARS DO A BOLD JOB.

Revolvers, Razors and Knives to The Value of \$250 Stolen Last Night—Home Talent Is Suspected and The Police are in Possession of a Good Clue.

Unskilled burglars entered Frank F. Pierson's gun shop on North Main street last night, and secured booty valued at \$250.

The crime was committed early in the morning, it is thought. Mr. Pierson lives over the store, and at 3 o'clock a. m. he was awakened by a suspicious noise. He at once got up and looked out of the rear window, but seeing nothing to arouse his curiosity, returned to bed. When his son, Roy, went down stairs at 6:30 o'clock this morning, however, the cause of the disturbance that awoke Mr. Pierson, was plainly apparent, for a razor lay on the floor of the back room of the store, and thinking that something was wrong, he walked into the front room.

The show cases in the main store showed that thieves had been at work. Nearly all the knives, revolvers, and razors which had been displayed in the cases were gone, and the few that remained were scattered about in disorder, while a small show case had been carried into the back room and there despoiled of its contents.

Work of "Home Talent."

The crime was committed by people who were not familiar with the value of cutlery, as many twenty-five cent knives were taken, while others, valued at \$1.50 were left behind.

Entrance was effected in the rear of the store. The robbers broke a pane of glass 15x18 inches, and reaching through the opening thus formed, pushed the bolt on the door back with a stick. After riding the show cases, they left by the rear door.

The police were notified this morning, and examination of the store gave them a good clue which they are now following up with good prospect of success. That the work was done by home talent there is little doubt.

A tramp broke into the kitchen store house at A. A. Jackson's home, and stole a white shirt belonging to District Attorney W. A. Jackson, from the box left by the laundry man.

Man and Wife on a Bender.

A town of Center farmer and his wife enjoyed a big drunk together today. They rode behind an old horse and stopped at all the saloons on Milwaukee street. At each place they ordered drinks brought out to them, and then drove away without paying therefor. They made the complete round of the Milwaukee street resorts, and got "brim full" without spending a cent.

The local officials of the St. Paul road were notified this morning that robbers had entered the depot at Brodhead. After gaining an entrance they tried to break into the safe, but after knocking the combination knob off, they gave up the job and left without booty.

ANOTHER GREAT CUT.

After Tomorrow Every Shoe in Becker & Woodruff's Stock Goes at \$3.

On and after tomorrow, Thursday, every shoe in the store will be reduced to \$3 a pair. This stock has always been considered the best, from every point in the city, and more shoes have been carried in stock than are found on the shelves of concerns of the kind usually, in a town of this size. Many of the shoes cost \$4 and \$5 and have sold for \$6 and \$7.

Both for ladies and gentlemen's wear, but the stock must be closed out at once, and this second great reduction to \$3.00 regardless of cost, is necessary in making goods move quickly. Stylish shoes remember, that cannot be purchased for less than \$4, \$5, \$6 and \$7, your choice for \$3.00.

The estate of the late Leod H. Becker is to be settled soon, and the shoe stock must be sold to accomplish this end.

Watch for our announcements; we are going to sell shoes from now on at figures that will interest you. Becker & Woodruff.

COL. KIMBERLEY GETS A MEDAL

Residents of His Old Home Give Him a Solid Gold Badge

Col. E. O. Kimberley was the most surprised man in Brodhead last night. The "soldier singer" was invited to sing at a Demorest Medal Contest at that city, and in the course of the evening, A. M. Randall stepped forward and informed Mr. Kimberley, that on behalf of the G. A. R. post and many citizens, he wished to inform the Janesville man that a gold medal inscribed "Col. E. O. Kimberley, Aid de Camp," had been ordered from the east, but had not yet arrived.

The whole thing was a complete surprise to Mr. Kimberley, but he recovered enough to express his thanks. Coming as it does from the residents of his old home, Col. Kimberley will value the token very highly.

An Elaborate Window of Millinery.

Lovers of the beautiful—and their name is legion—are particularly interested just at present in the various displays of millinery about town, and a reporter in looking around today was attracted to the center window of Archie Reid & Co's. dry goods store which must represent the best of the millinery world, at least if expression made by the ladies can be taken as evidence, for they seemed unanimous in pronouncing the showing of the finest ever made in Janesville. The background is made of new Persian ribbons; the body of the window shows flowers, laces, braids, spangled goods, ornaments and a large number of exclusive style pattern hats are the center of attraction for many eyes.

Two growing points put a finishing touch on the swellest millinery showing in town. Notice it this evening or tomorrow.

## OLESON SENTENCED TO A LONG TERM

BURGLAR TO SERVE THE STATE AT WAUPUN.

Municipal Judge Phelps Sends Him To the Government Shoe Shop For three and One Half Years—As He Had Confessed, He Pleaded Guilty to the Charge.

Ole J. Oleson will work for the good state of Wisconsin until September, 1899, in the shoe factory at Waupun. Oleson is the man who was so cleverly caught by Chief of Police Acheson a few days ago, and was charged with having robbed Kammer's meat market two years ago.

He was brought before Judge Phelps in the municipal court this morning, and pleaded guilty to the charge saying that he had no reason to advance as to why sentence should not be passed upon him. Judge Phelps then decreed that he should serve three and one half years at Waupun. Oleson had confessed his crime to the police and was greatly "set back" when sentence was passed and told Sheriff Appleby that he did not expect to "get more than a year."

## THE Fowler Sextet.

This famous machine, the first of its kind ever built, was originally shown at the Chicago Cycle Show on January 4th. Since then it has been exhibited in almost every large city in this country.

The machine, six of which the company is building, was named by picked teams and will be seen at all prominent race meets the coming season. One revolution of the pedals carries the machine 45 feet 3 inches, or 121 revolutions to a mile, and it is estimated that a mile in 30 seconds, on a straight-away course, will be attained before the season is far advanced.

This Sextet weighs but 17 1/2 pounds. Is geared to 153 with wheel base of 135 inches. Has 14 sprockets, 32 feet of chain and 72 feet of tubing. There are 372 separate and distinct parts used in the construction of this machine, and the estimated cost of each is \$3,700.00.

The FOWLER SEXTET will be on exhibition at the Y. M. C. A. Cycle Show April 4th.

## Teetotal.

It is said that the late Rev. Joel Jewell originated the word "teetotal." The story goes that at a public temperance meeting in Hector, N. Y., in 1828, he introduced into the pledge the letters "O. P." for "old pledge," which pledged against distilled liquors, and "T." for "total," including both distilled and fermented liquors. When names were being taken, a young man in the gallery said, "Add my name and a 'T.' for I am a 'T-teetotaler.'" Mr. Jewell adopted the word in speeches and writings. Some four years later an Englishman named Dick Turner employed the word, and its origin has been ascribed to him. Mr. Jewell was born in Dunham, Greene county, N. Y., Feb. 11, 1803, and became a revivalist and temperance worker at an early age. For over 50 years he was an active Presbyterian clergyman, although not ordained until he was 40.—New York Tribune.

## ELECTION NOTICE.

OFFICE OF COUNTY CLERK,  
March 25, 1896.  
To the Electors of Rock County:  
Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the county of Rock on the seventh day of April, 1896, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for whose nominations have been certified to this office are given under the title of the office and under the appropriate party or other designation, each in its proper column.

## Information to Voters.

The following instructions are given for the information and guidance of voters:  
A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross, X, after the name of each person he desires to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot is spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memoranda, to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place.  
A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

For Justice of the Court.—Ran- jet D. Marshall.  
A Non-Par- tisan Judi- diary.  
W. J. MINTYRE,  
County Clerk.

We take it for granted that you are not an "Easter Rabbit" nor even an animal of larger dimensions, but just a man, and, we will suppose, of good intentions. That being the case you will be forced to acknowledge that our display of Easter Furnishings is not only the finest yet but about as fine as it can be. We are especially strong in Neckwear. Just received a fine line of Canes.
